

# Technical specifications

Pacifico Voyager 117

## Description

Pacifico Voyager 117 catamaran combines high seaworthiness, spacious interior and modern attractive appearance. Key advantages of the project: low fuel consumption, two control posts and independent operation of the catamaran by the owner.

Wide floats accommodate four comfortable cabins and two bathrooms with a shower, and the space on the main deck includes a control post, a galley and a wardroom. The circular passage around the felling and the upper control post create a large open space on two levels and provide opportunities for any manner of the vessel usage. Panoramic view in the cabin and a wide space on the upper deck will allow guests to enjoy the ship's movement along with the captain. A wide sliding door at the entrance to the salon creates a feeling of a single space with the aft cockpit.

The project is developed by the CB "Albatross Marine Design", chief designer is Albert Nazarov.

## Main characteristics

Construction	Carbon fiber reinforced epoxy composites
Length	11,7 m
Beam	5,99 m
Passenger capacity	12 passengers
Draught	0,69 m
Engines	2 x 300 HP
Fuel tanks	2 x 800 l
Maximum speed	30 knots

## Variants of the hull color

Colors of the elements	Board	Cabin	Waterline
Gray			
Marine			

## Layout

<b>Exterior</b>	
<b>Hull and deck</b>	
Hull painted white	v
Glazing	v
Freeboard and waterline painted	v
<b>Bow part of the main deck</b>	
Soft lounge area	1
Technical equipment storage rooms	v
Deck plating of natural teak	v
Stainless steel fencing	v
<b>Aft part of the main deck</b>	
Wall mounted table	2
Storage box	2
Sofa	2
Sink	1
Hatches for access to under-deck space and hold	2
Stairway to pass along the side	2
Stainless steel fencing	v
Deck plating of natural teak	v
<b>Upper deck</b>	
Steering post with a steering wheel and control systems	1
Captain's chair	1
Soft lounge area	1
Sofa	1
Dining table	1
<b>Interior</b>	
<b>Saloon</b>	
Steering post with a steering wheel and control systems	1
Captain's chair	1
Dining table	1
Sofa	1
Chair	2
Stairs down into the float	2
Sink	2
Gas oven	1
Galley counter	1
Deck plating of natural teak	v
<b>Bow cabin in the right float</b>	
Double berth	1
Hanging locker	1
Carpeting	v
LED lights	v
<b>Bow cabin in the left float</b>	
Double berth	1
Hanging locker	1
Carpeting	v
LED lights	v
<b>Aft cabin in the right float</b>	
Double berth	1
Hanging locker	1
Carpeting	v
LED lights	v
<b>Aft cabin in the left float</b>	
Double berth	1

<b>Engineering systems</b>	
<b>Power system</b>	
Suzuki boat engine, 300 HP	2
Teleflex remote control, 2 control stations	1
<b>Control system</b>	
Hydraulic control system	2
<b>Navigation equipment</b>	
Chartplotter	1
Compass	1
Marine radio station	1
<b>Mooring equipment</b>	
Anchor windlass	1
Anchor roles	1
Anchor chain	50
Anchor	1
Anchor swivel	1
Mooring hook	6
Fender	6
Manoeuvring thruster	2
Control panel for MT, type Sport	1
Bow tunnel 250mm, 1m	2
Connecting cable	1
Fuse for MT	2
Fuse holder	2
Cable for remote	2
Cable splitter	1
<b>Water supply system</b>	
Fresh water tank, 500 l	1
Deck filler neck	1
Filling hose	6
Ventilation head	1
Ventilation hose	10
Water level sensor	1
Water level indicator	1
Hydrophore	1
Boiler	1
Deck shower	1
Mixer	1
Galley mixer	1
Hot water hose	1
Cold water hose	1

Waste water system	v
<b>Water pumping system</b>	
Bilge pump	6
Outboard fitting	6
Ball joint	6
Fittings to ball joint	6
Hose	50
Bilge pump control panel	1
<b>Electrical equipment</b>	
Battery	4
Cabling system + cable route	1
Fuse switch panels	2
<b>Fire suppression systems</b>	
Fire ampule	4
Fire extinguisher	5
Firecloth	2
<b>Life saving devices</b>	
Lifebuoy	2
Saving end of Alexandrov	1
Missile \ falshfeyer	1
Life vest	12
Saving light	12
<b>Fuel system</b>	
Fuel Tank, 800 liters	2
Deck filler neck	2
Filling hose	20
Ventilation head	2
Ventilation hose	20
Stop valve	16
Stop valve fitting	32
Adapter 1\4 to 1\2	32
Fuel hose	20
Fuel level indicator	2
Fuel gauge	2
<b>Deck equipment</b>	
Deck spotlight	2
Searchlight	1
Loudspeaker	1
Outdoor Ceiling Lighting	4
Light above the steering	4
Red navigation light, 2 miles visibility	1
Green navigation light, 2 miles visibility	1
Stern navigation light, 2 miles visibility	1
Parking lights, 2 miles visibility	1
Ventilation and air-conditioning system	1

Certification of the vessel in accordance with the international ISO Small craft standard, category B.
